EDUCATION

- **University of the Punjab** Gujranwala, PK
Bachelor of Science in Computer Science *Dec. 2021 – Oct. 2025*
- **Government Higher Secondary School** Gujranwala, PK
FSc pre engineering; Grade: First division *2019 – 2021*
- **Science Way School System** Gujranwala, PK
Matriculation in Science; Grade: First division *2015 – 2017*

PROJECTS

- **Calculator Bay**
 - Developed a fully functional calculator application using HTML, CSS, and JavaScript.
 - This calculator performs basic mathematical operations (addition, subtraction, multiplication, division) and offers user-friendly features like clear button functionality and number display.
 - **Github Repository:** <https://github.com/chughtaiumair92/Calculator>
 - **Deployed Landing:** <https://calculator-bay-gamma.vercel.app/>
- **Weather App**
 - Developed a weather application using HTML, CSS, JavaScript and API integration to retrieve and display real-time weather data for a user-specified location.
 - The app provides features like current temperature and potentially additional weather details like humidity, wind speed.
 - **Github Repository:** <https://github.com/chughtaiumair92/weather-app>
 - **Deployed Version:** <https://weather-app-delta-lake.vercel.app/>
- **Quiz App**
 - Developed a web-based (or mobile, if applicable) quiz application using HTML, CSS and JavaScript.
 - This application allows users to test their knowledge on a chosen subject through a variety of questions.

PROGRAMMING SKILLS

- **Languages:** C++, JavaScript
- **Frontend:** HTML, CSS, tailwind, Bootstrap
- **Backend:** MySQL Database
- **Designing Tools:** Figma, Adobe Illustrator
- **Other:** Git, Github, MS office (Word, Excel, Power Point)
